“ “ What Osher Members Are Saying

“Barry and I love remote learning. Connections with other participants seem more intimate, even if we chose to just listen and not participate. Learning the Zoom technology is very easy, very user-friendly.”

– Glennie Feinsmith, Osher Member

“For us, personally, there are so many reasons why we enjoy the experience, part of it is the community of learners, part of it is that we learn something new from every class, and part of it is that there are things we never imagined we would be interested in or enjoy that we’ve come to love from the classes that we’ve taken.”

– Dr. Phillip Gold, Osher Member

“There are a lot of people who are or want to stay really mentally active and that’s amazing because I’ve read if you don’t stimulate your mind, it’s going to degrade – so you cannot put a value on that benefit.”

– Barry Schoenfeld,
Osher Instructor

Director's Message

Dear UCR Osher Members and friends of Osher,

Welcome to Osher at UCR's summer 2023 term and beginning of our new membership year. This year has been a transformational year for our program as we returned to in person classes, continued with Zoom class, and continue to rebuild our program. It has been an absolute joy to get to know you all more and watch you engage with one another. As always, I want to hear your feedback. Now, more than ever, is the time to reach out and share your ideas!

Welcome back to continuing Osher members, and greetings to new (and prospective) members! We are adults with wide-ranging interests in history, literature, the natural and social sciences, fine arts and special events. This past year has been very exciting – our first real engagement with in person courses on both the UCR Extension and the Palm Desert campuses since March 2020, alongside with Zoom classes for those who wished to participate from afar or from the comfort of home. There is truly something for everyone at Osher at UCR. Please help us continue to offer quality educational programming for mature adults by renewing your membership, signing up for courses, attending our free events, and donating to Osher. To learn about upcoming events, please make sure you are on our mailing list. Not sure? Email olli@ucr.edu

This summer, we will be offering A Taste of Osher. No membership fee will be required for classes, only the course fee. So, bring your friends and family along, no matter where they live given our extensive range of Zoom courses.

We know many of you remain concerned about COVID-19 and in-person courses and gatherings. Looking ahead, as always, the safety and well-being of our community remains a top priority. When on campus, the use of face coverings indoors are strongly recommended for all individuals who are up to date on COVID-19 vaccinations and required for anyone who is not up to date on vaccinations.

Inside you will find a listing of the Summer 2023 courses and events to begin this exciting membership year. Additional events will also be included in our weekly newsletter, so make sure to sign up! Our program has also hired a new, fantastic program coordinator, Rianne Bui, who will assist in the Riverside area, secured a grant for future programming, and is working on a more robust registration system to assist staff, members, and instructors. In short, there is a lot happening and we are excited you are a part of it!

What Happened to America's Trade Unions

The American labor movement succeeded in forming powerful trade unions as a consequence of the Great Depression. These mass organizations brought economic and social security to millions of families. However, owing to determined employer resistance, dramatic changes to the world economy, and the limitations of the unions' themselves, they now represent a small percentage of American workers. Investigate the causes of this decline and what it might mean for the future of the economy and US society broadly.

Why *Teach* an Osher Course?

“Teaching ‘All Science Considered’ encourages me to think more deeply about the impact our topics have on our society. Class material should answer questions such as: “Why should participants be interested in a particular topic? And how it might affect their lives or the lives of their family?” I receive great enjoyment and satisfaction from both the preparation and the in-class interactions.”

— **Michael Luther,**
UCR Osher instructor
since 2016
